SUMMARY

Passionate Frontend Developer with expertise in HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, jQuery, and React.js. Proven track record in building responsive, user-friendly web applications and interactive dashboards for government portals. Strong focus on performance optimization, API integration, and component architecture.

EDUCATION

B.Tech in Computer Science Engineering

2020 – 2024

Axis Institute of Technology and Management (CGPA- 7.9)

EXPERIENCE

Frontend Developer

Jun. 2025 – Present

Innovador Infotech Pvt. Ltd.

Kanpur

- Developed responsive and scalable user interfaces for government portal modules including MSME Assam, Goa, and Uttar Pradesh using React.js, HTML, CSS, and Bootstrap
- Improved application performance and user experience by optimizing frontend workflows, reducing downtime, and enhancing page responsiveness
- Refactored frontend data handling and API integration processes, contributing to faster application throughput and smoother user interactions
- Built reusable UI components and standardized frontend architecture using Tailwind CSS, improving development efficiency and consistency

Frontend Developer Intern

Jan. 2025 – Jun. 2025

Innovador Infotech Pvt. Ltd.

Kanpur

- Developed frontend components for government portal modules using React.js, HTML, CSS, Bootstrap, and Tailwind CSS
- Collaborated with senior developers to implement responsive UI designs and enhance user interface functionality
- Utilized JavaScript and jQuery to create dynamic interactions and improve user engagement
- Participated in code reviews and contributed to improving frontend development standards and best practices

Frontend Developer Intern

Jun. 2024 – Dec. 2024

Dcode Pathshala

Kanpur

- Developed modern, responsive web interfaces using React.js, Tailwind CSS, HTML, and CSS
- Created reusable component libraries using React to accelerate UI development and maintain design consistency
- Enhanced frontend performance through optimized rendering techniques and efficient state management practices
- Utilized JavaScript and jQuery for dynamic user interactions and DOM manipulation

PROJECTS

UP MSME 1Connect Portal | *Frontend, Dashboards, API Integration*

- Developed responsive UI and dashboards; integrated APIs and built real-time data visualization.

Assam RAMP | *Interactive Dashboards*

- Built interactive dashboards and filters; ensured responsive and optimized UI.
- Implemented responsive UI layouts using Tailwind CSS.
- Enhanced frontend performance and user interaction by optimizing component rendering and minimizing page load time.

Goa RAMP | *Frontend Components, Performance*

- Developed frontend components with charts and tables; improved usability and performance.

TECHNICAL SKILLS

Frontend Languages: HTML, CSS, JavaScript, jQuery

Frontend Frameworks/Libraries: React.js, Bootstrap, Tailwind CSS

Developer Tools: Git, Chrome DevTools, Figma, VS Code

Additional Skills: Responsive Design, Component Architecture, API Integration
